RIPPLES

Vol.2

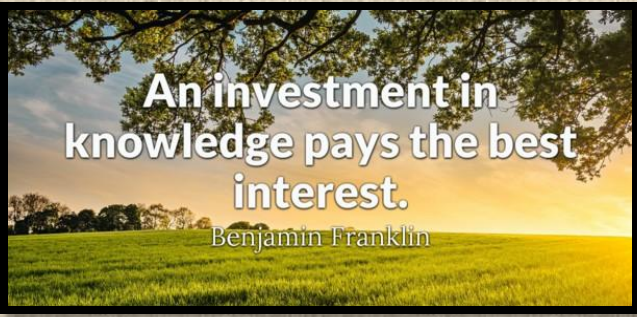

Month:-July

From the desk of Head Mistress

I feel extremely delighted while presenting “RIPPLES” the monthly Newsletter, which is the joint effort of all the teachers of classes I to III. It’s a great pleasure to see the students once again with us after a long summer vacation. We always ensure that our teachers act as perfect guides, facilitators and mentors for the students so as to provide them with a caring and conducive environment to come out of their hesitation and inhibitions to give their best performance. I am sure that our students enjoy learning new things through various interesting activities conducted by teachers time to time.

Best Performers and Achievers of the

<u>Class</u>	<u>Best Performers</u>	<u>Achievers</u>
I Carnation	<i>Myra Jain</i>	<i>Ananya Bhardwaj</i>
I Aster	<i>Snchit Phugat</i>	<i>Faiz Khan</i>
I Daisy	<i>Ranveer Malhotra</i>	<i>Aarav Khattar</i>
II Carnation	<i>Manya Singh</i>	<i>Atharv Aeron</i>
II Aster	<i>Navika Singhal</i>	<i>Adi Garg</i>
II Daisy	<i>Hitanshi Kumar</i>	<i>Subhan Ali</i>
III A	<i>Meetansh Raj</i>	<i>Shriyanshi Rastogi</i>
III B	<i>Shreya Kansal</i>	<i>Raunak Bansal</i>
III C	<i>Abhinav Rana</i>	<i>Dirgansh Kaushik</i>
III D	<i>Daiwik Bodh</i>	<i>Yashaswi Kumar</i>

- Achievers are the students who showed a continuous improvement in their performance in the class during the month.
- The selection of the best performer of the class depends upon the child's academic performance, regularity, notebooks', maintenance, personality traits etc

VAN MAHOTSAVA

*“Plant a tree, Grow a flower
Let’s give, mother earth
Back her power.”*

To make the students aware about the importance of trees and to inculcate the values among the, Van mahotsava week was organized by DPSI from July 2 to 7, 2018. A plethora of co-curricular activities were conducted as a part of celebration during the entire week. The week was started with the special assembly followed by tree plantation on July 4 by the students of classes I and II in the school premises. To enhance and stimulate creativity & imagination of the students, a drawing competition titled “Save Trees, Save Environment” was organized on July 5 for classes I to III.

On July 6 there was an extensive participation of Class III in slogan writing competition. Environmental awareness talks and discussion was also an integral part of CSDP in which students discussed about environmental issues and human interference in the environmental balance. They focused on remedial measures and steps that should be taken to save flora and fauna.

The students participated in all the activities with great zeal and zest.

ACADEMIC EXCELLENCE

ENGLISH

CLASS I

The students comprehended the lesson-2 Hoppity Hop, Splash Splash! and lesson-3 Happy Birthday" through enactment, explanation and discussion.

They grasped different topics such as Helping Verbs (is/am/are), Opposites, Noun Number (Singular/Plural), Noun-Genders with the help of activities, flash cards & smart classes.

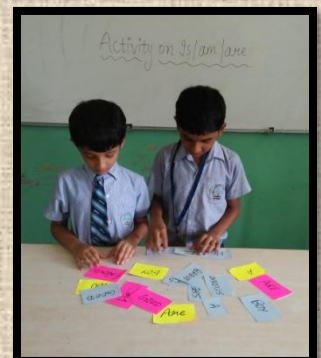

An activity based on Helping Verbs was conducted on July 10, 2018 through which they learnt how to use them. The children observed many things playground & garden and reported their teacher in the form of sentences. The students participated enthusiastically in this activity.

CLASS II

In the month of July the students comprehended lesson 3- I Promise. They also learnt the lesson of verb including doing words and use of Helping Verbs. This enabled them to frame correct sentences as well as enhanced their writing skills. To make them aware about the use of verbs an activity was conducted on July 17, 2018 in which they had to convert their ideas in the form of sentences on flash cards.

CLASS III

Students learnt & understood L 3 Androcles and the lion. They enjoyed a lot the enactment of the story. They learnt how to frame sentences in simple present and simple past tense. An activity of simple present tense & simple past tense was conducted on July 10 & 17 respectively. They came to know how to frame and develop them.

HINDI

CLASS I

In the month of July students learnt "इ, ई की मात्रा They learnt to read and write words, name of fruits & colours and rhymes having these *matras*.

An activity was conducted on the same *matras* on July 18 in which students were asked to write the name of the pictures and to read the words aloud with correct pronunciation. This activity boosted up their confidence in reading & writing.

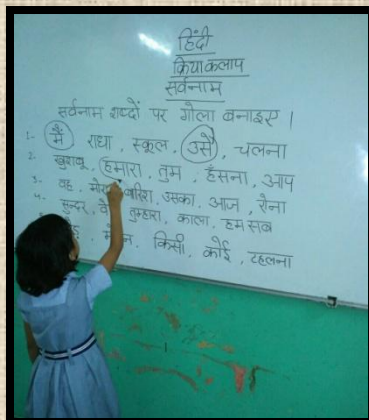

CLASS II

In the month of July students were taught a chapter and a poem from their reader book. They understood the chapters with the help of reading, explanation, discussion part and written work. The teacher emphasized on their reading skills. They did difficult words, question answers and other exercises of the book. In Hindi language they comprehended pronouns and the difference between noun and pronoun. They performed the activity on pronoun. The students had to write the pronouns in place of nouns on the board. This activity enhanced their thinking skill, writing skill and their confidence.

CLASS III

In the month of July the students were taught one chapter and a rhyme from reader book. They understood the chapters through discussions, reading, explanation and written work. In language they learnt Gender, Singular and Plural, Noun, writing numbers 1-50 in Hindi, *Chitrvarnan* and *Apathit gadyansh*.

On July 18 an activity was conducted on Picture composition. Pictorial worksheet were provided to them and they had to write sentences regarding that picture. This improved their thinking & writing skills.

MATHS

CLASS I

In the month of July the children learnt and understood various concepts in Maths. They did counting up to 150, backward counting from 100 to 51, number names from 21 to 40, addition of 2 digits, multiplication table of 3 and days of the week.

An activity was conducted on July 9 based on Addition. Different objects were given to them. The teacher spoke two numbers. They had to count, add and tell the answer to the teacher. They enjoyed the activity a lot.

CLASS II

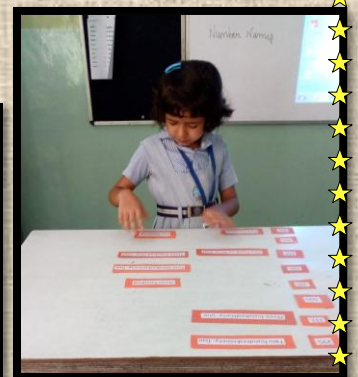

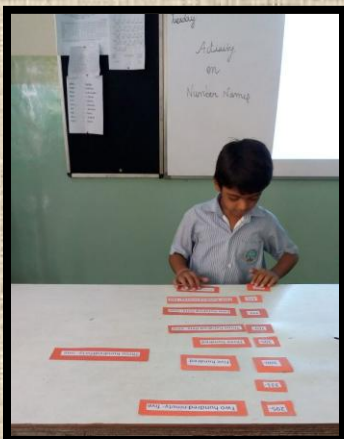

In the month of July students learnt counting and number names from 250 to 500, concept of ordinal numbers and Even- Odd numbers

An activity was conducted on number names with the help of flash cards. Some number names were written on them separately. The children had to match the numbers to their names. This activity enhanced their problem solving skill, thinking skill and aptitude in mathematics.

CLASS III

Students learnt reading and solving problems on addition & subtraction. They learnt the operations on addition and subtraction and came to know how to use these operations in their daily life. They also learnt multiplication.

Activity- The problems were given to children on addition & Subtraction in the form of worksheet.

EVS

CLASS I

In the month of July students learnt about food, clothes and family. They learnt about the healthy and unhealthy food and also learnt about the different types of shelter and clothes.

An activity was conducted on the topic Healthy Vs Junk food on July 11. The children differentiated healthy and junk food flash cards. They were made aware about the benefits of eating healthy food and health hazards of eating junk food.

CLASS II

In the month of July, the students learnt about the chapters "Food Facts" & "Healthy Mind & Body". In these topics students learnt the difference between junk & Healthy food, types of food & the sources of food. They understood the importance of healthy food habits. They were made aware about good posture & good behavior.

The activity was conducted on July 19 on Food. The students pasted the pictures of different food items in their scrap books under the heads of energy giving, body building & protective food. By this activity they understood the importance of each food group.

CLASS III

In the month of July students learnt about Plant life and Leaves in detail. They were made aware about different types of plants we find around us and uses of plants. The concept was made clear about the necessity of plants in our lives. Through the chapter of leaves they were made aware about parts of a leaf and its types.

A collage making activity was conducted on July 11 to cover the same topic. Children brought different samples of leaves and made herbarium collage. They were made familiar to different textures of leaves and about the names of plants of respective leaves.

COMPUTER

CLASS I

Students learnt and understood the “**Parts of a Computer**”.

The objective was to make students aware about the parts of a computer and focus was on the keyboard.

Activity–A computer based activity was conducted on **July 23, 2018** titled ‘Parts and functions of keyboard’. In this activity students learnt about the shape of a keyboard, number of keys and different types of keys.

CLASS II

Students learnt and understood “**How does a Computer Work?**”.

The objective was to make students aware about the functions of the computer parts.

Activity- An activity on ‘**Uses of Computer**’ was conducted on **July 16, 2018**. In this activity students learnt about the functions of a Monitor, Printer, Speaker, Keyboard and CPU.

CLASS III

Students learnt and understood “**Introduction to Pivot Animator**”.

The objective was to make the students aware about tools of Pivot Animator.

Activity - An activity on “**Load the readymade clock figure on the frame area**” was conducted on **July 30, 2018**. In this activity students learnt about how to make frames, how to load figure, how to make colourful animation and how to play animation.

ART/CRAFT

*“Every artist dips his brush in his own soul,
And paint his own nature into his pictures.”*

Creativity is as natural and necessary for children as fresh air and sunshine! By exposing children to creative experiences, we give them the gift of a rich and memorable childhood while laying the foundation for a lifetime of creative expression – all topped off with a heaping helping of important learning skills. Children show interest in drawing, colouring & making craft. They did number of activities in art & craft such as birthday card, paper collage, photo frame and many more.

GAMES & SPORTS

Games & sports are a vital element to be successful in every walk of life. Games and sports keep one physically and mentally fit. In this month Children of all classes enjoyed skating, Martial arts, Swimming and other games events.
